YBARRA SERRET  
*for Coordonné*

Under the golden sun of the south, Seville blossoms among flowering orange trees, bougainvillea and outdoor patios that breathe jasmine.

Royal Alcázar of Seville

Coqui Ybarra was born and raised in this beautiful, history-rich city, making this a very personal collection that pays homage to her Andalusian roots.

The artist brings her childhood memories to life in every brushstroke: balconies adorned with geraniums in the Santa Cruz neighbourhood; the Guadalquivir tracing the edges of Triana; and an entire universe of cultures that stir the soul through her artistic touch.
