

POMPEI

Coordonné

The civilisation that continues to astonish us with its mastery of the *art of good living*.

Pompeii, the Villa of Diomedes and the House of the Dioscuri

Beneath the volcanic ashes, on the slopes of Mount Vesuvius, emerges one of the richest archaeological sites in the world.

Perhaps its perfection posed an unbearable challenge to the Roman gods, who, jealous and shamed, chose to bury it as a forgotten treasure beneath a shroud of lava. Through this collection, we delve into the enigmatic treasure of one of the most striking stories of our time, capturing the elegance and splendour of this city at its peak.
